Supporting education with annual grants since 1988

The Armada Education Foundation is a non-profit 501(c)3 established in 1988 by friends and supporters of Armada Area Schools. The goal: to provide funds for learning experiences beyond the scope of the district's operating budget.

Collaborating with alumni, business and community fosters support for creative ideas and enhanced classroom curriculum.

That collaboration has raised and dispersed over \$560,000 in educational support to local students.
